Textile Technology

Leader

1 **Composites – a textile product?**
S. Schlichter

Industry News

E 3 **SGL Carbon: shares in SGL Kümpers sold**

E 4 **Asahi Kasei: capacity expansion for Leona PA 66 filament**

E 6 **Techtextil/Texprocess: registration open**

E 7 **ADD ITC: premiere in Stuttgart**

E 8 **ITMA 2019: greater focus on sustainable solutions**

E 9 **New publications for the textile industry**

E 10-E 14 **Management**

E 10 **Teijin: piezoelectric wearable sensors**

E 11 **Coats: acquisition of Patrick Yarn Mill**

E 12 **Treves: new name, new ambitions**

E 13 **Archroma: advanced formulation for water-repellent protection**

E 14 **Lohmann: innovative adhesive solutions for the textile industry**

E 15 **Andritz Nonwoven: start-up of neXline needlepunch lines in France and Poland**

E 17 **Saurer: Allma TechnoCorder TC2 launched in tire cord market**

Fibers/Yarns

E 18 **Solution spun co-extruded PLA fibers with pH-neutral degradation characteristics**
G.-P. Paar, C. Molano, R. Fourné, T. Gries, S. Jockenhövel et al.

E 19 **Sustainable fibers for oil spill clean-up**
S. Viju, G. Thilagarathi

E 21 **Trends in the carbon fiber market**
E. Frank, M.R. Buchmeiser

Technical Textiles

E 22 **Processing basalt fibers into multiaxial and warp-knitted textiles** T. Bäz

E 24 **Functionalized components made from high-performance grid plastic composites**
S. Rittner, M. Pohl et al.

E 27 **Padding elements with fiber-optic sensors for the care sector**
L. Blüthgen, E. Thiele, M. Kuhne

E 29 **Review on acoustic properties of textiles**
S. Shrikrushnarao Gulhane

E 31 **Lightweight car seats based on multi-material design containing warp-knitted spacer textiles** D. Nestler, K. Schäfer

E 33 **Relationship between tightness factor and moisture management properties of single jersey cotton fabrics**
J.R. Ajmeri, S.S. Bhattacharya

E 35 **Bullet velocity meters (Weinlich)**

E 36 **Online process for non-stop production of sacks (Karl Mayer)**

E 37 **Lasering of man-made fibers instead of sewing** M. Estermann, A. Haag, M. Schmid

E 38 **Decomposition of PU coatings due to degradation of contained phosphoric flame-retardants** S. Eibl, M. Müller

E 40 **Innovative odor control function for polyester textiles (Sanitized)**

E 42 **Bio-hybrid implants reinforced with textiles on the way towards developing artificial replacement parts of the future**
A. Löwen et al.

E 43 **New machine for the welding of reflective tapes (Pfaff)**

Nonwovens

E 44 **Filtech preview**

E 47 **Calender**

E 48 **Company Index/Advertisers Index/Imprint**
