

## Editorial Program

### CFI 1 / 2010

(Publication date: **March 8, 2010**)

(Ad closing date: **February 15, 2010**)

- Raw Materials** Investing in new or revamping existing polyester plants?  
(M. Streng, EPC Industrial Engineering GmbH, Alzenau/Germany;  
U.K. Thiele, Dr. Thiele Polyester Technology, Bruchköbel/Germany)  
Carbonization plant for carbon fiber production  
(E. Glawion, Fleissner GmbH, Egelsbach/Germany)  
PBO fiber as precursor material for carbon fiber (S. Purkayastha,  
N.B. Timble, DKTE'S Textile and Engineering Institute, Ichalkaranji/India)
- Fibers** Titer program of PA fibers (Greater Europe)  
Problems of polyester industry in China  
(Tan Yi Wu, JOFO Group, Guandong/PR China)  
Functional alginate fibers  
(Yimin Qin, Jiaxing College, Jiaxing/PR China)  
Greenfil – new high performance biobased fiber (Sofila, Saint Genis  
Laval/F, Arkema, Colombes Cedex/F, RadiciGroup, Gandiono/I)  
Polypropylene nanocomposite fibers with improved dyeability and thermal  
stability (M.D. Teli, A.G. Sbale, Sarex Chemicals, Adheri/India)  
Manufacturing and characterization of nanoclays-modified PP fibers  
(C. Wilms et al., Institut für Textiltechnik der RWTH Aachen/Germany)  
Polyester & PET Chain 2009, Zurich/Switzerland  
30 years of flame-retardant Trevira CS  
(Trevira GmbH, Bobingen/Germany)  
BCF carpet yarn markets  
Lyocell fiber specialties (Lenzing; smartfiber)  
Market trends for high-tenacity PE yarns  
New fiber and fiber technology patents
- Fiber Production** Versatile tool for researching structural and functional polymers  
(R.W. Slack, Fibre Extrusion Technology, Leeds/UK)  
7<sup>th</sup> China Intern. Polyamide & Intermediates Forum, Shanghai/PR China  
Effect of heat treatment on the mechanical properties of casein-g-  
polyacrylonitrile fibers (H. Ren et al., Donghua University, Shanghai)

**Buyers' Guide: Fiber Production**
