

## Editorial Program

CFI 3 / 2010

(Publication date: September 8, 2010)

(Ad closing date: August 19, 2010)

- Raw Materials** Global PA 6/66 market trends  
Market trends for fiber polymers  
K 2010: raw materials and polymers for fibers
- Fibers** Fiber antidumping policy (PHP GmbH, Wuppertal/Germany)  
Producers of PP/PE fibers (Greater Europe)  
Regenerated cellulose-casein blend biofibers  
(S. Zhang et al., Donghua University, Shanghai/PR China)  
Viscose fibers with new functional properties  
(W. Roggenstein, Kelheim Fibres GmbH, Kelheim/Germany)  
Preparation and characterization of novel regenerated cellulose fibers  
(S. Zhang, F.-X. Li, J.-Y. Yu, Donghua University, Shanghai/PR China)  
Special fiber structures through bicomponent technology  
(C. Rieger, ITV Denkendorf, Denkendorf/Germany)  
CIRFS 60<sup>th</sup> Anniversary Conference in Brussels/Belgium: report  
Nano-modified PA6 yarns for technical applications (P. Kravaev, ITA  
Aachen; I. Hassinger, Inst. f. Verbundwerkstoffe, Kaiserslautern/D)  
EATP Executive Seminar: Strategies for success in the European  
fibers and textiles industries  
Global fiber market trends
- Fiber Production** Biotechnical modification of polyester surfaces (V.A. Nierstrasz,  
Ghent University/Belgium; I. Donelli, Stazione Sperimentale per la Seta,  
Milan/Italy; P. Semt, LumiLab, Ghent/Belgium)  
Innovative technologies for processing polyester reclaim  
(Gneuss Kunststofftechnik GmbH, Bad Oeynhausen/Germany)  
Thermal fiber treatment in man-made fiber technology  
(T. Kliesting, ITA Aachen/Germany)  
Innovative sensors and online monitoring equipment for the  
synthetic fiber industry (Oerlikon Fibrevisioin Ltd., UK)  
6<sup>th</sup> China International Recycled Polyester Forum  
World market trends for texturing machinery (ITMF)  
New fiber and fiber technology patents
- Nonwovens** Global market trends

**Buyers' Guide: Fiber Production**
