

Leader

- 1** ITMA Asia + CITME 2010 gets ready
M. Avery

Industry News

- 4** Word cotton production and prognosis
5 Lenzing: new cellulosic fiber investment
6 ITMF: high global textile production levels
7 Asia: 52 % export share of apparel and textiles
8 Clariant: transfer of textile chemicals production to Asia
8-12 Management
11 Sri Lanka: textile machinery imports

Fibers/Yarns

- 15** Properties of regenerated cellulose (bamboo)-cotton MJS yarns
G.K. Tyagi, A. Goyal, G. Kherdekar

Spinning

- 17** Recent advancements in electrospinning process R. Nayak, R. Padhye, L. Arnold
19 New ring yarn qualities for hard-wearing, comfort-oriented work clothes at higher production J. Schneider et al.
21 High performance precision winder (SSM)

Weaving

- 22** "Zero degree" eye design (Steel Heddle)
22 Software module allows cost reduction in air-jet weaving (Picanol)
23 Warp preparation machinery for cost-effective sizing in denim production (Karl Mayer)

Knitting

- 26** Needle-less knitting: a rotary knitting principle H. Hirano
28 Dynamic analysis of yarn supply at circular knitting machines A. Matthes et al.
31 New electronic double needle bed warp knitting machine (Comez)
32 Knitted gloves as accessories
M. Blaga, M. Penciu, D. Dan

Textile Finishing

- 34** Effects of water quality on dyeing behavior of cotton S.R. Shah, P.B. Patel
35 New textile light fastness tester (Atlas)
36 Modular denim wet-finishing concepts
N. Wickert
38 Structure-functional relationship in silicone softeners
R. Chakrabarti, K. Krishnamurthy, A. Vignesh
41 New combi coater (Monforts)
41 Universal strength tester (James H. Heal)
42 Coating of electrically conductive textile structures J. Oettel, A. Neudeck, U. Möhring

Textile Industry

- 44** Photovoltaic applications for textiles
A.C. Bedeloglu, Y. Bozkurt, A. Demir
45 New quality assurance standards (SDC)
46 Cotton mosquito repellent fabrics and their performance D. Vijayalakshmi, C. Vigneswaran
48 Innovative concepts enable cost-conscious production of toweling fabrics G. Schramek
50 Automated identification and sorting of post-consumer textile waste
A. Luiken, P. Bos
