

Leader

- E 233 **Textiles for solar technologies – Textile eldorado of the future** R. Bäckmann

Industry News

- E 235 **Lenzing: better nonwovens fiber business**
 E 236 **Precursor and carbon fiber lines (Fleissner)**
 E 236 **Sahm: jumbo winder for carbon fibers**
 E 236 **Carbon fiber lab line (ITCF)**
 E 238 **SGL/BMW: JV for carbon fibers**
 E 238 **Global nonwovens market 2012**
 E 239 **India: market expansion for technical textiles**
 E 240 **Global spunlace capacity 2009**
 E 240 **Sandler: new nonwovens plant**
 E 240 **New books**
 E 241 **JEC Asia 2009**

Fibers/Yarns

- E 241 **Project FloW for fiber machinery (Fleissner)**
 E 242 **Melt-electrospinning of nano-nonwovens**
 P. Jungbecker et al.
 E 244 **Process development to produce spunbond nonwovens with crimping ability** R. Taubner
 E 245 **PLA fibers: biomedical applications**
 S. Viju, G. Thilagovathi

Technical Textiles

- E 246 **Schoeller/Clariant: Textile Design Award**
 E 247 **Segmented weft-inserted fabrics for sun protection textiles (Karl Mayer)**
 E 247 **Flame and heat protection textiles with high technical quality (Trans-Textil)**

- E 248 **Colonization of textile implants with human stem cells (Hohenstein Research Institute)**
 E 248 **New personal protective fabrics (TenCate)**
 E 249 **Cotton mosquito repellent fabrics and their performance** D. Vijayalakshmi, C. Vigneswaran
 E 252 **New electronic double needle bed warp knitting machine (Comez)**
 E 254 **Dry performs for complex geometrical composite structures** L. Girdauskaite et al.
 E 256 **Textile reinforced rubber components with increased heat dissipation**
 R. Hickmann et al.
 E 257 **Improvement of tear propagation resistance of tarpaulin materials** K. Trommer et al.
 E 260 **Three-dimensional stitching of performs**
 J. Eichhoff, T. Gries
 E 262 **Coir fiber products in environmental erosion and sediment control and restoration**
 C.R. Santha, L. Santha
 E 264 **Natural fibers technologies for construction materials** T. Masi
 E 266 **Coating of electrically conductive textile structures** J. Oettel, A. Neudeck, U. Möhring
 E 268 **New software for quality and productivity improvements in the textile industry**
 H. Esteve et al.
 E 270 **Surface modification of PP nonwovens for value added applications**
 R. Ramachandran, B.S. Dasaradan
 E 272 **Better moisture management in workwear (Schoeller Technologies)**

Technical Making-up

- E 272 **Laser processing system for large-sized materials (eurolaser)**
 E 273 **Innovations in connection technology (Pfaff Industrial)**
 294 **Calendar**
 E 274 **Company Index / Advertisers Index / Imprint**
