## Industry News

- E 4      **Teijin: reorganization of polyester and aramid fiber business**
- E 4      **SGL Group: carbon fiber production at 2 major sites**
- E 5      **Trevira: positive business in 2016**
- E 5      **Lenzing: reduction of Equi-Fibres stake**
- E 6      **Tecnon OrbiChem: China continues domination of global polyester markets**
- E 6      **Invista: 50 years of Cordura**
- E 7      **JEC Awards: 13 winners rewarded**
- E 7      **ITCF: Lignin-based carbon fiber**
- E 8      **Techtextil/Texprocess: Mission to Mars**
- E 8      **CINE: nonwovens exhibition and seminars**
- E 9      **Oeko-Tex: new regulations for 2017**
- E 9      **GSE Environmental: RoaDrain for extended pavement service life**
- E 10     **NWI: new spunmelt and hydroentangling facility**
- E 10     **Hohenstein: biofunctional fabrics without permethrin**
- E 11     **Hydro\_Bot: new technology for moisture management**
- E 11     **HeiQ: fighting potential risk of mosquito borne diseases**
- E 12-E14 **Management**
- E 12     **Autoneum: significant sales growth in 2016**
- E 12     **Karl Mayer: innovation shows for 80<sup>th</sup> birthday**
- E 14     **Toabo: new chlorine-free hydrophobic shrink resist treatment for wool**
- E 15     **Oerlikon Barmag: increased demand for industrial yarn systems**

---

## Fibers/Yarns

- E 16     **Chemical fiber titer program for nonwovens 2017 in Western Europe**
- E 19     **Spider silk – high-performance protein fiber with great market potential**

---

## Technical Textiles

- E 23     **Integration of additional threads in stitch wale direction of circular knitted fabrics for Smart Textile applications**  
E. Häntzsche, J. Reichart, H. Lucas
- E 27     **Joining of carbon and glass fiber non-crimp fabrics using tufting for FRP products**  
M. Wiche
- E 29     **Nonwovens line with recycled carbon fibers (ELG Carbon)**
- E 30     **Textiles as electromagnetic shields**  
P.M. Katkar
- E 32     **Sandstorm simulator for architectural textiles** F. Koch, L. Neumann
- E 34     **Environmentally friendly resorcinol-formaldehyde-free adhesive systems for textile-rubber composites** Q. Shaikh
- E 36     **Acoustically effective textiles for the home sector** G. Köppe
- E 38     **Textile solutions for energy harvesting and storage** M. Normann, I.J. Junger
