2nd Business Forum Technical Textiles:
AbstractsE 89–90, E 126–129

Alginate fibers and their application
in medical textiles.....E 14

Applications of plasma technology
in medical textiles.....E 24

Belts in textile architecture.....E 52

Chemical protective clothing testsE 93

Developments of tire
reinforcementsE 21

Disparate properties of spacer
fabricsE 168

Fastening elements for
conductive textiles.....E 70

First pure chitosan yarn.....E 80

Formed textile reinforcement elements
for concrete componentsE 131

Grid structures based on a
manipulated warp yarn feeding system
as additional reinforcementE 134

Impact protection in vehiclesE 166

ITA student awarded SAMPE-Innovation
Award 2012 for 3D fabrics.....E 40

Medical nonwovens reportE 10

Metal narrow fabrics with
meshed selvages.....E 56

Novel luminescent composite
polymer fibers for warning
and security systems.....E 94

Optimization of composites
using textile structures inspired
by natureE 92

Polyethylene to carbon fibers.....E 80

Potentials in sewing technology.....E 106

Processing of recycled carbon fibers
into nonwovens.....E 66

Providing firefighters with technology
for excellent work safetyE 18

QualiVlies – objective quality evaluation
method of nonwovens based on
subjective quality evaluationE 104

Quantitative determination of
p-aramid in the presence of m-aramid
fibers using pyrolysis-GC/MSE 123

Quasi-continuous web formation
process for innovative
medical textiles.....E 55

Recent development trends
in medical textiles – Part 1E 137

Report on toxicological tests
for nano-objects (ISO).....E 116

Specialty fibers in sports and
leisure textiles.....E 11

Spunbond market study.....E 149

Study on market development of
compositesE 150

Surface modification of nettle fibers
for reinforcement of PLA –
aiming for 100% biodegradable
compositesE 19

Technology for spreading and further
processing of carbon fiber heavy
towsE 162

Texas Tech involves students
in nonwovens research.....E 8

Textile reinforced sprayed mortar
layers for the repair of water
engineering structuresE 130

The carbon fiber market –
an update.....E 151

Ultra high molecular weight
polyethylene for medical
applicationsE 100

Industry News

100% antibacterial fabric (XTI)E 120

2nd Business Forum
Technical TextilesE 88

2nd Business Forum Technical Textiles:
AbstractsE 89–90, E 126–127

Asia: half of global nonwovens
production by 2020.....E 149

AT~SEA: how technical textiles
can help to meet the
food-feed-energy nexus.....E 122

Biomimetics –
effects on technical textilesE 109

Brief informationE 4–10, E 38–48,
E 76–87, E 112–121, E 143–150

Bromine-free flame-retardantsE 144

Challenges and opportunities for EU
companies in technical textilesE 141

Cotton vs. Synthetics:
competition or compatibility?.....E 7

EPD for PA 6 carpet yarnsE 5

European market trends
for polyolefinsE 6

Trendbook

Technical Textiles 2012/2013

Innovations • Trends • Markets

Technical Textiles in Application

Focus: Sustainability

3-part compendium for daily use

Trend reports • Focus on China

Recognized experts report on future perspectives and offer market prognoses

Company profiles

Supplier products and services from all market segments

European market data

Company data listed in clearly laid out tables (110 pages)

286 pages, with numerous illustrations, diagrams and tables; spiral binding

€ 149

Technical Textiles
Innovation, Technology, Application

Editorial Program 2013

Volume 56

Issue	Main Topics
<p>1 March Publication date March 8, 2013</p>	<p>Technical fibers and yarns; PET fibers and yarns; Composites; Nano-functionalized textiles; Mobile textiles; Building textiles; Technical nonwovens; Textile filters; Technical making-up; Current market reports</p>
<p>2 May Publication date May 2, 2013</p>	<p>Technical fibers; PA fibers/yarns; Work and protective clothing; Geotextiles; Medical textiles; Smart textiles; Finishing of technical textiles; Euroseil; Technical making-up; Current market reports</p>
<p>3 June Publication date June 3, 2013</p>	<p>PP fibers/yarns; Technical fibers; Industrial textiles; Techtextil preview: fibers, technical textiles, machinery; Texprocess preview: machinery for the making-up of technical textiles, the production of technical textiles and nonwovens; Technical nonwovens; Finishing of technical textiles; Technical making-up; Current market reports</p>
<p>4 September Publication date September 2, 2013</p>	<p>Technical fibers; Preview: Man-Made Fibers Congress Dornbirn; Fibers and yarns in transportation; Euroseil; Industrial textiles; Building textiles; Sportswear; Filter technology; Technical nonwovens; Technical making-up; Current market reports</p>
<p>5 November Publication date November 1, 2013</p>	<p>Cellulosic fibers; Polyester fibers; Technical textiles; Medical textiles; Technical knits; Flame-retardant textiles; Protective clothings; Nonwovens technology; Technical making-up; Current market reports</p>
