Leader

- 129 **ITMA 2019 – News from fiber production**
M. Dauner

Industry News

- 132 **Lenzing: solid half-year results**
- 133 **Indorama: acquisition of Sinterama**
- 134 **Fulgar: traceable sustainable PA 66 yarn**
- 135 **FENC: higher revenues, investments in Vietnam and acquisition of US recycler**
- 135 **re:newcell: scale-up of fiber-to-fiber recycling**
- 136 **TU Munich: carbon fibers made from algae**
- 136-138 **Management**
- 137 **New conference on cellulose fibers**
- 138 **Oerlikon Nonwoven: more efficient production of meltblown nonwovens**
- 139 **Lipex Engineering: basalt fiber production plant to Russia**
- 140 **Strong market demand for nonwovens expected to continue**
- 141-144 **International news**
- 161 **New publications**

Raw Materials

- 146 **Reliance Industries: trends in the Indian polyester chain**
- 146 **Polymetrix: high order intake**
- 147 **Lower MEG prices and margins**
- 147 **Domo Chemicals: takeover of Solvay's European PA 66 business**
- 147 **Hengli: refinery in Dalian fully operational**
- 148 **Achieving US recycled plastics goals by 2030 could cost US\$ 3 billion**
- 149 **K 2019 preview**

Fibers

- 152 **More than 1 million tons of elastane yarn in 2020** D. Hart
- 153 **Lower German chemical fiber production in 2018 (IVC)**
- 154 **Ceramic fiber development and weaving processes (DITF)**
- 155 **Electrical conductive viscose fiber for smart textiles and smart home**
Y. Zimmermann, J. Cramer, U. Möhring
- 157 **New developments in high-tenacity PET yarn for maritime and offshore ropes**
M.B. Bastos

Fiber Production

- 162 **Engineering companies: Project list of new polymer and chemical fiber plants 2019**
- 164 **New concepts for the stabilization of carbon fiber precursors under reduced pressure and in tailored atmosphere** M.M. Clauss et al.
- 166 **ITMA 2019: Innovations in man-made fiber production** J. Ortega, L. Debicki, T. Gries
- 167 **ITMA 2019: Innovations in man-made fiber post-processing (texturing etc.)**
L. Debicki, J. Ortega, T. Gries
- 169 **Concepts for novel high-performance/metal hybrid yarns for composites with improved damage tolerance** E. Schmidt et al.
- 171 **Preparation and antibacterial performance test of electrospun chitosan/PBS nanofibers**
Lu Man, Hong Yan Wu, Wei Zhang, Xue Ke Yang

Trade Fair Reports

- 174-178 **ITMA review**
