Fibers/Yarns

- E 70 **Adhesive fibers and specialty adhesive yarns for technical textiles** K. Bender
- E 72 **New concepts for the stabilization of carbon fiber precursors under reduced pressure and in tailored atmosphere** M.M. Clauss, E. Frank et al.
- E 75 **New trends in BCF yarn for automotive carpeting** P. Saragat

- E 78 **Smart textiles – the future of technical textiles** (Statex)

Technical Textiles

- E 80 **Supramolecular nanofiber composites for highly efficient and selective removal of gold(III) from aqueous media** H. Thomas, K. Kreger et al.
- E 84 **New natural fiber composite material process technology** W. Klusmeier
- E 86 **Additive coating technology** (Huafeng)
- E 87 **Textiles with built-in fire protection** (Toray)
- E 89 **Types of airbags and their application in automobiles** S. Sundaresan, A. Arumugam
- E 92 **Selvedge thread let-off for perfect thread tension in the selvedge area** (Crealet)
- E 93 **Integrated textile-based strain sensors for load monitoring of dynamically stressed CFP components** H.L. Xuan, O. Weißenborn, I. Khabaret et al.

Nonwovens

- E 97 **Cosmetics nonwovens with selectable peeling effect** K. Sommer
- E 98 **Development of needlefelts for technical applications** H.-J. Imminger, P. Krug

Fair Preview

- E 100 **Trade fair preview reports: Techtextil exhibitors**
- E 150 **Trade fair preview reports: Texprocess exhibitors**
- 158/160 **Calender**
- E 157 **Company Index**
- E 158 **Advertisers Index/Imprint**
